PERSONAL PHILOSOPHY

Talofa lava!

My name is Rosalina. I was born in the beautiful islands of Samoa and later adopted to New Zealand, where I was raised with love and guidance by my uncle and aunty. I am married with two wonderful children and I'm blessed with many nieces and nephews whom I have helped raised. Family has always been at the heart of who I am.

I bring over 22 years of experience in early childhood education, beginning in New Zealand where I supported curriculum development, mentored educators, and worked closely with management teams. After moving to Australia, I have continued to grow as an Educational Leader and ECT, building strong knowledge in the QKLG, EYLF and the Reggio Emilia approach.

My philosophy is grounded in nurturing strong relationships, valuing children as capable and confident learners, and supporting educators through collaboration, reflection, and shared leadership. I am passionate about creating environments where both children and teachers feel respected, empowered, and connected to their cultural identities and community.

I look forward to continuing this journey alongside Management, Educators, Families and the wider community as we work together to create meaningful, joyful, and high quality learning experiences for all children.
